DON & VICKIES BEAUTY SALON  
790 Central Avenue  
Dover, NH 03820

Re: Coakley Landfill Superfund Site, North Hampton, NH  
Notice of Failure to Respond to Request for Information

Dear Sir/Madam:

This letter is to notify you of failure to respond to a Request for Information issued August 2, 1988 by the Environmental Protection Agency (EPA) concerning the Coakley Landfill Superfund Site in North Hampton, New Hampshire. A copy of EPA's Request for Information is enclosed. EPA requested this information under the authority of Section 104(e) of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) and Section 3007 of the Resource Conservation and Recovery Act (RCRA). Responses to these information requests were due to EPA within thirty (30) days of receipt. EPA has not received your response to this information request, despite the fact that the applicable deadline has passed.

Failure to comply with these requests within the specified time period is a violation of federal law which may result in administrative or civil enforcement action, including penalties under Section 104 of CERCLA and Section 3008 of RCRA of up to \$25,000 per day of continued noncompliance. EPA considers noncompliance to have begun on the deadline for submission of responses described in the first paragraph of this letter.

You should be aware that EPA's authority to require answers to the request for information and to assess penalties for your failure to comply is separate and distinct from the liability you face as a potentially responsible party at the Coakley Landfill Superfund Site. In other words, the penalties described in the preceding paragraph may be assessed and enforced even if you are not otherwise liable at the Site.

EPA is currently evaluating the appropriate enforcement options to pursue in response to noncompliance with its information request.

In order to mitigate the extent of any enforcement actions that may be forthcoming, you and/or your company are hereby encouraged to comply in full with the information request immediately upon receipt of this letter.

Correspondence should be mailed to:

Steven J. Calder, Remedial Project Manager  
U.S. Environmental Protection Agency  
P.O. Box 5988  
JFK Station  
Boston, MA 02114

Please note that express delivery services cannot deliver to P.O. boxes.

→ If you have any legal questions, please direct such questions to Timothy L. Williamson of the Office of Regional Counsel at (617) 565-1154. If you have any technical questions, please direct such questions to Mr. Calder at (617) 573-9626. Please call Mr. Williamson or Mr. Calder on Tuesdays or Wednesdays between the hours of 10:00am and 4:00pm.

Thank you for your cooperation in this matter.

Sincerely,

Timothy L. Williamson  
Assistant Regional Counsel  
Office of Regional Counsel

Steven J. Calder, Remedial Project Manager
